History

New Guided Study System

This New System began with the Book of GENESIS taught in this new format from March this year on Tuesdays to replace the previous Tuesday course format. Those who register the course buy the full set of course audios with text outline and notes to do self-study from <https://thejoshuamission.sellfy.store>. Guidance comes by attending the group sessions set out for each course. The first group session begins and introduces the course. Each subsequent group session is for Q&A and discussion. Taking examination is optional but encouraged and is available online or by in-class attendance.

Courses will alternate between Books of the Bible and Discipleship Courses.

It is conducted both in-class and on ZOOM and is **open for international participation**.

Launch of the Academy

This Academy was launched in mid 2016. It consists of the **School of Bible Study**, the **School of Biblical Discipleship**, and the **School of Instructor Training**

It conducted the 1st International Instructors' Training (IIT) at Hyderabad, India, in 2016.

The IIT system was discontinued in 2018 with IIT6, held in Singapore.

The IIT was **REPLACED** by a **New Strategy** of Skype **"Live" broadcasting** and use of **STUDY GROUPS** that are formed in the countries with membership networks to use the audio files of courses taught by the Founder & International President for study & application.

Forerunners to the Academy

Prior to the Academy, the Founder & International President held **annual Pastors' & Leaders' Conferences** in a few countries each year. The last of these was in 2015 when it was replaced by the Academy the next year.

Weekly courses covering all 66 books of the Bible entitled **"Bible Open Class"** were taught from January 2008 beginning with the Gospel of John and continued until July 2021 with the Book of Psalm; over 14 years. It was replaced by the **School of Bible Study** of the Academy from September 2016.

An In-Depth Survey of all the books of the Bible according to their categories entitled **"Bible Through the Covenants"** was taught from February 2009 until June 2013; a 5 year period.
